EXECUTIVE SUMMARY

Technical Product Leader, Principal Product Manager, and AI Product Architect (UNC Kenan-Flagler MBA, Emerson MFA) with 15+ years of experience owning product strategy, roadmaps, PRDs, and commercial KPIs across AI-native platforms, regulated fintech, enterprise search, and Fortune 5 digital health. Operates as a high-agency, collaborative product builder who validates customer problems, prototypes directly in code and AI workflows (TypeScript, Next.js, Python, SQL/DuckDB, LLM Evals, MCP), and partners tightly with engineering, design, and GTM teams. Track record includes launching a chartered bank from 0-to-1 at Custodia Bank ($70M+ raised), driving $100M+ revenue impact across 35M+ patients at UnitedHealth Group & Optum, scaling enterprise graph search for 3M+ associates at Walmart Global Tech, and cutting marketplace fraud by 83% at Foodler ($500M+ volume, acquired by Grubhub).

CORE COMPETENCIES & TECHNICAL STACK

Product Management & Strategy: 0-to-1 Product Discovery & Vision, Multi-Quarter Roadmapping, PRDs & Technical Specifications, KPI / OKR Ownership, A/B Testing & Experimentation, Go-To-Market (GTM) Launch Execution, B2B SaaS & Enterprise Pricing, Unit Economics, Cross-Functional Squad & Stakeholder Leadership, Agile / Scrum.

AI & Data Product Architecture: Agentic AI Workflows, LLM Evaluations (Evals) & Guardrails, RAG & Context Graphs, Model Context Protocol (MCP), Structured JSON Outputs, SQL & Product Analytics (DuckDB, PostgreSQL, Funnel/Cohort Analysis), GraphQL & REST API Design, Privacy-By-Design (Zero-PII / HIPAA / BSA-AML).

Technical Fluency & Prototyping: Hands-On AI Prototyping (Cursor, Claude Code, Gemini/OpenAI APIs), TypeScript, React / Next.js, Python, Node.js, SQL, Git / GitHub PR Inspection, Native iOS (SwiftUI), Android (Jetpack Compose), and Desktop (Rust / Tauri) Product Delivery.

Regulated & High-Scale Domains: Commercial Banking, Payments & Digital Asset Custody (Fedwire, ACH, Real-Time Settlement), Patient & Clinical Healthcare Platforms (35M+ Users), Enterprise Search & Developer Platforms, Marketplace Risk & Fraud Systems.

PROFESSIONAL EXPERIENCE

Colon Hyphen Bracket R&D (Independent Lab — Full-Time Focus Sep 2024–Present) | **Principal Product Manager & AI Product Architect** | **DEC 2018 - PRESENT**

- **AI Platform & Agentic Marketplace Product Leadership (Pipes Protocol — pipes.pink):** Defined product vision, unit economics (70/30 creator monetization), PRDs, and technical architecture for a multi-platform knowledge and MCP agent ecosystem spanning Web (Next.js), macOS Desktop (Tauri/Rust with local LLM evals and schema guardrails), iOS, and Android across 90+ languages.
- **Data Analytics & Zero-PII Product Execution (Marigold Insights):** Owned end-to-end product discovery, SQL/DuckDB-WASM architecture, and launch of an in-browser analytics workbench querying 2,000,000+ financial and civic records at 60fps with probabilistic record linkage and zero cloud PII exposure.
- **AI Customer Automation & Multi-Model Tooling (Greater-Than & Superstar):** Shipped an open-source WebGPU customer support product eliminating server inference costs and a dual-LLM reasoning workspace with automated evaluation pipelines.

Custodia Bank, Inc | **Lead Product Designer (Founding Product & Systems Lead)** | **JAN 2022 - SEP 2024**

- Partnered directly with the CEO, CPO, Chief Legal Officer, and VP of Engineering as founding product and design systems lead for a chartered Wyoming SPDI commercial and digital-asset bank ($70M+ raised).
- Translated Federal Reserve and banking regulatory requirements into actionable PRDs, a 30-day regulator-ready core banking prototype, and a 6-week production platform—powering 100+ agile sprints over 18 months.
- Owned end-to-end product workflows and launch readiness across commercial fiat payments (Fedwire/ACH), institutional multi-sig custody, programmable settlement (Avit), and internal BSA/AML compliance, treasury, and ledger operations.

PredictiveUX (Advisory Contract — Walmart Global Tech) | **Senior UX/UI & Search Product Architect** | **OCT 2021 - OCT 2022**

- Defined search product requirements, relevance taxonomy, and GraphQL/knowledge-graph discovery workflows for Walmart's flagship internal enterprise search platform serving 3,000,000+ associates worldwide.
- Scoped and delivered clinical decision support product workflows (RecoverX) accelerating diagnostic triage in acute healthcare settings.

Optum & UnitedHealth Group | **Senior Product Experience Designer (Principal Mobile Product Lead)** | **JAN 2020 - OCT 2021**

- Led executive product discovery and service-design alignment across C-suite and VP leadership within an internal Fortune 5 healthcare strategy and R&D group.
- Directed mobile product experience across flagship iOS and Android apps serving 35M+ patients and 400K+ employees, stabilizing roadmap delivery across a 75M-user ecosystem during an organizational transition.
- Built the business case, ROI model, and product roadmap for native Apple Health / HealthKit integration over custom builds, generating an estimated $100M+ in revenue impact.

BLDG-25 | **Design Director** | **JAN 2018 - DEC 2019**

- Led cross-functional product discovery, client roadmap prioritization, and a 3-person design team delivering enterprise logistics modernization for Martin Marietta nationwide.
- Embedded for 2 years with Fidelity Investments' Raleigh R&D leadership to define and launch their first cloud-native retail financial product, and scoped RBAC threat-intelligence workflows for IronNet Cybersecurity.

UltraLinq Healthcare Solutions | **Design Director** | **JAN 2016 - DEC 2017**

- Owned product UX roadmap and clinical validation across cloud PACS medical imaging SaaS, telehealth workflows, and FDA/HIPAA-compliant wearable cardiac diagnostics.

Foodler.com (Acquired by Grubhub) | **Director of Business Operations** | **JAN 2010 - DEC 2015**

- Promoted to Director of Business Operations in 18 months, owning operational KPIs, payment/billing workflows, customer & merchant operations, and tier 1–2 technical support across $500M+ in GMV.
- Conceived, specced, and deployed a deterministic payment fraud and risk-scoring product that cut chargebacks by 83% ($6M to <$1M/yr), fueling a 10x revenue expansion and successful acquisition by Grubhub.

EDUCATION

Master of Business Administration (MBA) — Business Strategy & Accounting | University of North Carolina at Chapel Hill (Kenan-Flagler Business School)

Master of Fine Arts (MFA) — Storytelling & Creative Writing | Emerson College

Bachelor of Arts (BA) — Writing & Literature in Honors Studies, Summa Cum Laude | Texas Tech University
